# Composer Deployment Guide

Composer 8.1.5 Deployment Guide

# Composer 8.1.5 Deployment Guide

This guide describes how to deploy Composer, an Integrated Development Environment used to develop applications for:

Voice applications for **Genesys Voice Platform (GVP) 8.1+**—a software suite, which unifies voice and web technologies to provide a complete solution for customer self-service or assisted service.

Routing applications for the Genesys Orchestration Platform 8.x, which includes:

- **Universal Routing Server (URS)**—which enables intelligent distribution of voice and multimedia interactions throughout the enterprise.
- **Orchestration Server (ORS)**—an open standards-based platform with an SCXML engine, which enables the customer service process.

ORS is responsible for executing orchestration logic (SCXML) that is provided by an application server (such as an application server hosting an SCXML-based routing application created in Composer). The responsibility of URS within the Orchestration Platform is to provide a necessary service to Orchestration Server to support Routing functions.

## About This Document

This section includes:

---

- [Intended Audience](#)
- [Contacting Customer Care](#)
- [New in This Release](#)

## What is Composer?

This section introduces Composer:

---

- [Composer GUI](#)
- [Debugging Applications](#)
- [Other Composer Features](#)
- [Language Support](#)

## Requirements and Support

This section includes information on:

---

- [Third Party and Other Software Requirements](#)

## Uninstalling and Reinstalling

This section describes:

---

- [Uninstalling and Reinstalling Composer](#)

[Application Server Requirements](#)

[Database, Speech Engine, SIP Phone, Web Browser Support](#)

**Before Installation**

This section includes information on:

- 
- [Installation Video](#)
  - [Installing as Eclipse Plugin](#)
  - [Update Site](#)
  - [Application Server Requirements](#)

**Links to Useful Docs**

This section directs you to:

- 
- [Orchestration Server Documentation](#)
  - [Orchestration Server Extensions](#)
  - [SCXML Technical Reference](#)
  - [Genesys Voice Platform Documentation](#)
  - [System-Level Guides](#)

**Installing Composer**

This section includes information on:

- 
- [Before Installing](#)
  - [Installing on Windows](#)
  - [Displaying the Interface](#)
  - [Windows 7 and Server 2008](#)
  - [Viewing a Sample Application](#)
