Finding a Screening Rule

# Finding a Screening Rule

## Procedure: Finding a rule

1. Right-click anywhere on the Screening tab, then select Find Screening Rules. A dialog box with this name displays, as shown in "Find Screening Rule."

### Find Screening Rule

2. Enter a string to search for in the Search For field.
3. Select Use Regular Expressions if you want the search to treat the string as a regular expression.
4. Select check boxes to search in the screening rule's text, name, or both.
5. Click Find. The dialog box displays the name, addresses to match, and body of all screening rules found.
