Configurations Options Reference Manual

Genesys Deployment Agent Configuration Options

12/18/2025

Genesys Deployment Agent Configuration Options

This chapter describes the configuration options for the Genesys Deployment Agent and includes the following sections:

- [Setting Configuration Options](#)
- [Mandatory Options](#)
- [\[log\] Section](#)
- [\[web\] Section](#)
- [\[security\] Section](#)
- [Genesys Deployment Agent Configuration File](#)
- [Changes in 8.5.x](#)

Important

Support is discontinued for Genesys Deployment Agent (GDA) from Local Control Agent 8.5.100.31 and later versions.

Setting Configuration Options

You can change default Genesys Deployment Agent configuration options in the configuration file **gda.cfg**. See [Genesys Deployment Agent Configuration File](#) for more information.

Important

Configuration section names, configuration option names, and predefined option values are case-sensitive. Type them in the configuration file exactly as they are documented in this chapter.

Mandatory Options

You do not have to configure any options to start Genesys Deployment Agent.
