Web Services API Reference

`CancelSupervisorMonitoring`

4/24/2025

CancelSupervisorMonitoring

This operation is part of the [Chat API](#) section of the [Web Services API](#).

Overview

This operation is part of the [Web Services REST API](#), specifically the [Chat API](#), and allows a supervisor to cancel supervisor monitoring.

This request should only be sent when supervisor monitoring is *active*.

If the supervisor is currently in a chat, the chat will not be aborted. The supervisor should end it normally by using the [Leave](#) operation.
