# Web Services API Reference

SetInFocus

# SetInFocus

This operation is part of the [Chat API](#) section of the [Web Services API](#).

## Overview

This request sets the SetInFocus parameter for a chat interaction.

This parameter is useful when an agent is handling more than one interaction and aids in the proper reporting of time spent on each interaction.

<b>Request URL</b>	/api/v2/me/chats/{id}
<b>HTTP Method</b>	POST
