# Gplus Adapter User Guide

Click-to-Dial

4/4/2025

Click-to-Dial

Click-to-dial makes connecting to your customers easy. All you have to do is click their phone number to make a call.

Using Click-To-Dial

The click-to-dial feature enables you to have Adapter automatically dial a call when you click a phone number in Salesforce. For example, you can search for a contact in Salesforce and then click the related phone number in the search result to dial the call.

This capability might be disabled in your account configuration by your administrator.
