# Configuration Options

## Important

The options described on this page have been moved into the *Interaction Concentrator Options Reference*. The links below take you to the specified sections within the *Options Reference*.

Interaction Concentrator-related options are set in the following Application objects:

- [Interaction Concentrator](#)
- [Switch](#)
- [DN](#)
- [Script](#)
- [DAP](#)

## Important

In addition to the configuration options described in this chapter, Interaction Concentrator supports the common log options that are described in the *Framework Configuration Options Reference Manual*.
