training Section

- **training-license**

training-license

Default Value: false

Valid Values: true, false

Changes Take Effect: At start/restart

Enables you to use content analysis and is associated with the Classification Server Content Analysis license. The license is required so that Classification Server can process classification requests.

The value is automatically set to true if, as you use the Deployment Wizard, you answer Yes to the question asking whether you installed the Classification Server Content Analysis license. Otherwise, the value is set to false.

If you install the Classification Server Content Analysis license later, you must manually change this option value from false to true.
