## Genesys Engage Digital (eServices)

Social Media Plug-in for use with Workspace Desktop Edition

# Social Media Plug-in for use with Workspace Desktop Edition

Options for this component are contained in the following configuration sections:

- [interaction-workspace](#)

## Tip

In the summary table(s) below, type in the Search box to quickly find options, configuration sections, or other values, and/or click a column name to sort the table. Click an option name to link to a full description of the option. Be aware that the default and valid values are the values in effect with the latest release of the software and may have changed since the release you have; refer to the full description of the option to see information for earlier releases.

**Power users:** [Download a CSV file](#) containing default and valid values and descriptions.

The following options are configured at the application level (in other words, on the application object).

Section	Option	Default	Changes Take Effect
interaction-workspace	<a href="#">display-format.interaction-facebook-name</a>	\$Interaction.Type\$ (\$Contact.FirstName\$ \$Contact.LastName\$ \$Interaction.MainParty\$)	At the next interaction
interaction-workspace	<a href="#">display-format.interaction-rss-name</a>	\$Interaction.Type\$ (\$Contact.FirstName\$ \$Contact.LastName\$ \$Interaction.MainParty\$)	At the next interaction
interaction-workspace	<a href="#">display-format.interaction-twitter-name</a>	\$Interaction.Type\$ (\$Contact.FirstName\$ \$Contact.LastName\$ \$Interaction.MainParty\$)	At the next interaction
interaction-workspace	<a href="#">facebook.auto-answer</a>	false	At the next interaction
interaction-workspace	<a href="#">facebook.check-possible-actions</a>	true	At the next interaction
interaction-workspace	<a href="#">facebook.comments-order-direction</a>	ASC	At the next interaction
