Feedback Results Report

The Feedback Results Report displays a comparison of feedback assessment answers. To generate a report, select a date range at the top of the page to filter the list of assessments available for selection, then select a user from the hierarchy and one of the user's feedback assessments from the bottom-left of the screen. Click the 'Rebuild report' button to generate the report.

The resulting graph will display the possible answers for each question with a line showing the answers chosen by the user and their manager (if the assessment has also been taken by the manager).
