Contact Center Advisor and Workforce Advisor Help

Managing Agents

12/17/2025

Managing Agents

Agents shown in Resource Management are the ones whose actions drive the performance and metrics of the user-selected entity that you want to influence (apart from purely application-level or contact group-level metrics).

The agents listed in **Resource Management** are those in the agent groups that are associated with the rows selected in Contact Center Advisor or Workforce Advisor within the selected grouping.
