Genesys Engage cloud Workforce Management 8.5.1 Guide

Colors

Colors

Important

This content may not be the latest Genesys Engage cloud content. To find the latest content, go to [Workforce Management in Genesys Engage cloud](#).

Within the **Configuration** module, Supervisors can use the **Colors** view to configure the colors that WFM uses in the Supervisor **Schedule** views.

- You can configure default values for these schedule items: **Work**, **Days Off**, **Meals**, **Breaks**, **Activity Sets**, **Exceptions**, **Time Off**, and **Marked Time**.
- You can configure specific colors, by site, for: **Activity Set** types, **Exception** types, **Time Off** types, **Marked Time** types.

For details about how to configure, see the [Colors Tool](#) topic.

Security Permissions

To configure colors, you must have the **Configuration > Colors in Schedule** security permission, which is assigned in WFM Web. See [Configuration Role Privileges](#).
