What's New

This release contains the following new features and enhancements:

- The GAX plugin supports GA versions of Genesys Administrator Extension beginning with version 8.5.210.05.
- The instrumentation script generator for the GAX plugin supports the GWE Cluster application, and is backward compatible with the Genesys Generic application and the Web Engagement Frontend Server application.

Resolved Issues

This release contains no resolved issues.

Upgrade Notes

If you are upgrading from an earlier release, contact your Genesys Customer Care representative.
