Genesys T-Server and UCMA Connector for Skype for Business Release Notes

9.x

Release Date	Release Type	Restrictions	AIX	Linux	Solaris	Windows
08/07/19	General					X

What's New

This release includes new features and enhancements:

- Support for Microsoft Skype for Business 2019 with UCMA 6 Connector. (LYNC-3695)
- Support for Windows Server 2019 operating system. See the [Multimedia Connector for Skype for Business](#) page in the [Supported Operating Environment Reference Guide](#) for more detailed information and a list of all supported operating systems.

Resolved Issues

This release contains the following resolved issues:

T-Server now correctly handles scenarios where initiated remote recording is acknowledged by the remote server after the call to be recorded is released. Previously, T-Server might have failed in such a scenario. (LYNC-3706)
