# Add Notes to a Program

You can add notes to a program to explain the reason for the specific program. Notes enables you to provide SpeechMiner users with information about the program that they may not discover on their own.

## Before you begin

[Configure Recognition Tasks](#)

## Procedure

1. From the Program Manager tree, open the program to which you want to add notes.
2. Select the **Notes** tab.
3. Add or change existing notes.

## What to do next
