NOW: Impact Page

NOW: Impact Page

The **New Overlay Wizard** (NOW) opens and displays these pages, in order: **Properties**, **Usage**, **Impact** (this page), and **Impacted Activities**. Be sure to [watch the video](#).

Tip

This page appears only if you selected the radio button **Calculate Using The Specified Initial and Ending Impact** on the **Usage** page.

1. Select the appropriate settings on this page, remembering that some selections may deselect others.
2. Click **Next**.

The settings on this page are:

Setting	Description
Impact parameters of overlay fields	• Initial Impact field—Use this field to specify the initial impact of the overlay. Range: 0 (the default) and positive numbers. • Ending Impact field—Use this field to specify the ending impact of the overlay. Range: 0 (the default) and positive numbers. These fields are enabled only if the option Calculate Using Specified Initial and Ending Impact is selected.
