Choose Activities

By default, only the activities and multi-site activities that were selected in the (lower) **Objects** pane when you chose the Add Calendar Items button are displayed, and all are selected.

- 1. Change the selections, if necessary.
- 2. Click **Next** to continue.

Tip

If you select objects from more than one site, the **Choose Calendar Item** page displays a limited list of calendar item types: **Availability**, **Day Off**, **Time Off**, **Exception**, and **Working Hours**.
