# Review Validation Messages Dialog

Use the **Review Validation Messages** dialog to view any warnings or errors that the server returned when you validated the selected pending changes to the **Master Schedule**.

The dialog contains the following columns and controls:

<b>Date</b>	Date of the message.
<b>Agent</b>	The agent whose schedule change generated the message.
<b>Team</b>	The team to which the agent whose schedule is being changed belongs.
<b>Message</b>	The message type (either Warning or Error), numeric code, and the message text.
<b>OK</b>	Closes the dialog.

## Important

These errors and warnings would be generated if you validated the selected pending schedule changes. They differ from **Validation warnings and errors**, which WFM Web generates during the schedule building process.
